**DP-MB350 Specifications**

### General
- **Type:** Desktop Laser MFP
- **Copy Speed:** 35 ppm
- **Print Speed:** Up to 35 ppm
- **Scan Speed:** Up to 35 cpm
- **Resolution:** Up to 600 x 2400 dpi (Optical), 600 x 600 dpi (Interpolated)
- **Dimensions:** (WxDxH) 21.0" x 18.1" x 18.8" (533 x 459 x 478 mm)
- **Weight:** Approx. 96 lb (43.5 kg)
- **Power Requirements:** 120 - 240 V AC, 50/60 Hz
- **Copy/Print Process:** Digital Copier
- **Developing Process:** Single Component
- **Paper Size:** Letter/Legal/A4
- **Paper Weight:** Standard: 8 dots/mm x 3.85 lines/mm, Maximum: 12 dots/mm x 7 lines/mm
- **Paper Feed:** Standard: 520 sheets, Max: 1,040 sheets with optional tray
- **Copy/Print Memory:** Standard: 128MB, Maximum: 512MB
- **Printing Resolution:** Maximum 2400 x 1200 dpi
- **Printing Speed:** Up to 35 ppm (Letter)
- **Modem Speed:** 33.6 kbps - 2.4 kbps with automatic fallback (G3 Fax)
- **Data Format:** MM.R / MR / MH (Conforms to ITU-T Recommendations)
- **Scanning Resolution:** Up to 600 x 2400 dpi (Optical)
- **Effective Scanning Width:** Letter/Legal/A4
- **Effective Scanning Size:** Letter/Legal/A4
- **Scanning Size:** 8.2" (208 mm) (Letter)
- **Scanning Coding Scheme:** MMR / MR / MH
- **Number of Speed Dials:** 10MB (approx. 780 pages)
- **Network Scanner / Scan-to-Email:** Ethernet 10Base-T/100Base-TX
- **Network Scanner Interface:** Ethernet 10Base-T/100Base-TX

### Digital Copier
- **Resolution:** Up to 600 x 600 dpi (Optical), 600 x 1200 dpi (Interpolated)
- **Copy Size:** Original Size
- **Copy Size:** Maximum Original Size
- **Copy/Print Settings:** 64 steps
- **Copy/Print Zoom:** 25% - 400% (in 1% increments)
- **Copy/Print Features:** Automatic Duplex Unit
- **Copy/Print Speed:** Maximum 35 cpm (Letter)
- **Copy/Print Size:** Letter/Legal
- **Copy/Print Options:** Optional Tray

### G3 Fax
- **Transmission Time:** Approx. 4.0 sec (Letter)
- **Reception Time:** Approx. 15 sec.
- **Transmission Modes:** FAX / DIP / PC / EMAIL / FTP
- **Network Faxing:** Ethernet 10Base-T/100Base-TX
- **Network Faxing Interface:** Ethernet 10Base-T/100Base-TX
- **Fax Resolution:** Super Fine: 8 dots/mm x 15.4 lines/mm
- **Fax Compression:** MMR / MR / MH (Conforms to ITU-T Recommendations)
- **Fax Compatibility:** DQ-TCB008 (8,000 pages (ISO/IEC 19752 standard)), DQ-DCB020 (20,000 pages), DA-LCB350 (520 pages Letter/Legal/A4)

### Note
- This product is designed to reduce hazardous chemical substances along with the RoHS directive.
- IPv6 Ready Logo is the international IPv6 product’s certification program managed by the IPv6 Ready Logo Committee.
- All other brand or product names are the property of their respective holders.
- PCL is a registered trademark of Hewlett-Packard.
- Linux is the registered trademark of Linus Torvalds in the U.S. and other countries.
- Mac OS is trademark of Apple Inc., registered in the U.S. and other countries.
- Microsoft® Windows® is either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.
- Design and specification are subject to change without notice.
- *1 Based on ITU-T Image No.1 scanned in Standard mode.
- *2 Via PBX, transmission speed may fall back to a lower speed. Usually public telephone lines can only support communication speeds of 28.8 Kbps or lower.
- *3 Transmission time applies to memory transmission of text data using only ITU-T Image No.1 between PC and status. Individual speeds may vary.
- *4 Modem Speeds for 2.4 kbps (G3 Fax) are 33.6 kbps - 2.4 kbps with automatic fallback (G3 Fax).

**Energy Efficiency**
- This product is designed to meet the ENERGY STAR® Program guidelines for energy efficiency.
- Superior, as an ENERGY STAR® Partner, Panasonic has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.
- As an ENERGY STAR® Partner, Panasonic has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.

**Quality Management System**
- Our business processes which produce document, information and network products, equipment, and services, including product design, developmen, production, installation, repair and maintenance of document, information and network products, have been improved to conform to ISO9001 Quality Management System from manufacturing to marketing.
- In addition, our plants in the United States have acquired ISO9001 certification, and the plants outside Japan have acquired ISO9001 certification.
- We have been compliant with the RoHS directive in the production of this product.

**IPv6 Ready Logo**
- IPv6 Ready Logo is the international IPv6 product’s certification program managed by the IPv6 Ready Logo Committee.

Design and Functionality

The Panasonic DP-MB350 is a high-performance "desktop" Multi-Function-Printer that is an excellent choice for any small to mid-size office workgroup, small office and remote home offices. The Network-ready DP-MB350 is equipped with 10/100 Base-TX connectivity and is ready to take on any size print or copy job with its large 520-sheet standard capacity input tray and 50-sheet reversing ADF. The user-friendly control panel interface features large, easy to read buttons and a bright 3.6-inch color LCD (TFT) display. This provides a simple to use interface for adjusting device settings and allows you to preview incoming faxes for simple and efficient document management. For simple device management, the built in Configuration Web Page allows device users and system administrators to easily check device status, toner level, adjust system settings and update the device address book. Packed with all the right features in a small footprint, the DP-MB350 is a robust multifunction printer, that has a rich feature set and is easy to operate.

Quick & Easy Scanning

The DP-MB350 can quickly and easily convert paper documents into electronic documents that can be edited or archived. The DP-MB350 is capable of scanning single page documents by utilizing the flatbed scanner or multiple documents using the built-in 50-sheet reversing ADF. Documents can be scanned in full color with image resolutions up to 9600 dpi x 9600 dpi (interpolated). The standard Scan-to-Email feature allows you to send scanned document directly from the DP-MB350 as an Email attachment in PDF, JPEG or TIFF formats without needing a PC. To complete your digital document needs, the standard Panasonic Quick Image Navigator software allows you to conveniently manage your digital documents and the Readiris OCR software suite (also included) allows you to easily convert digital documents into text editable documents.

Preview Incoming Faxes

Equipped with Super 33 fax capabilities, the DP-MB350 offers the added convenience of a simple fax preview. Utilizing the large 3.6 "LCD (TFT) screen, you can preview incoming faxes before they are printed, thereby reducing paper and toner consumption. You can zoom, rotate or scroll to check the fax contents. Once the document is previewed, you can decide whether to print, delete or forward the document to a PC, FTP site or as an Email Attachment. In addition, the DP-MB350 features a Junk Fax filter to prevent unwanted faxes from being received. Thus providing yet another environmentally friendly feature to help reduce unnecessary paper and toner consumption.

Convenient Functions

Watermark

A watermark such as "Confidential" or "Draft" can be printed on the background or top/bottom of a document. The size and angle of the mark can be adjusted as desired.

Overlay

A custom image such as a company logo can be watermarked and printed on a document.

Booklet

By utilizing the Automatic Duplex Unit, you can produce booklets or small booklets in-house and eliminate the use of an outside print shop.

Easy Repeat

Copy one original and print it repeatedly on a single page in the 2 in 1, 4 in 1 or 8 in 1 format.

Poster Copy

Copies a normal size image and easily creates a large size poster in 2x2 or 3x3 sizes.

Proof Copy

On a large copying job, you can generate a sample set before printing the entire job.

N in 1 Functions

- N in 1:
  This cost-saving feature reduces originals and prints up to 16 pages onto one sheet.
- N in 1 & Duplex Copy:
  With N in 1 you can copy up to 8 originals onto one sheet, while Duplex Copy allows both sides of the paper for reduced paper usage.
- Easy Repeat:
  Copy one original and print it repeatedly on a single page in the 2 in 1, 4 in 1 or 8 in 1 format.

High Speed Printing

The DP-MB350 prints up to 35 ppm in B&W with image resolutions up to 2400 dpi x 1200 dpi. Panasonic’s State-of-the-Art image smoothing technology eliminates unsightly jagged edges on printed documents, while making text and graphics appear crisp and clear. Environmentally friendly features of the DP-MB350 include standard automatic duplex printing to help reduce paper consumption, toner save mode to reduce the amount of toner consumption when printing draft or sample documents, and N in 1 printing which allows up to 16 pages to be printed on a single sheet of paper.

Convenient Copy Functions

- Poster Copy:
  Copies a normal size image and easily creates a large size poster in 2x2 or 3x3 sizes.
- Proof Copy:
  On a large copying job, you can generate a sample set before printing the entire job.
- Quick ID Copy:
  Copies both sides of one or more ID or business cards consecutively, and then prints onto a single page in the 2 in 1, 4 in 1 or 8 in 1 format.
- N in 1 & Duplex Copy:
  With N in 1 you can copy up to 8 originals onto one sheet, while Duplex Copy allows both sides of the paper for reduced paper usage.
